NG CASTORE MP 4000

Gas station for Agilent hybrid system pneumatic controlled with tanks

Main applications

- Agilent MP AES 4xxxx
- LCMS
- Solvent evaporation

Main advantages

- Nitrogen + Air generator for Agilent MP AES 4xxx
- Compatible with all LCMS
- ✔ Dual Nitrogen and Air generator
- Low noise with no mechanical moving parts
- ✓ Low maintenance
- Generates nitrogen on demand
- Designed to run 24 hours a day

The NitroGen series CASTORE MP 4000 are Membrane Nitrogen Generators. They are engineered to transform standard compressed air into a safe and regulated supply of Nitrogen with a purity up to 99.9%.

An optional channel can provide up to 40 L/min of compressed, dry and regulated air.

The CASTORE MP 4000 with it's dual Nitrogen and Air outlets has been developed to meet specific requirements in term of gas, flow, purity and pressure for Agilent MP AES 4xxx series. It can be used for the evaporation of solvents in samples being analysed.

Specifications
